MODULE STRUCTURE

Richard Petty's Driver Search uses a multiple module format, with each module designed to test a specific skill or set of skills, using well-defined criteria. Each driver's performance is measured against those scoring criteria to assess the performance of the required skill(s) within each module. The scoring is points based, with a defined number of points awarded at each module, with the emphasis on the driving modules. Computerized timing and scoring as well as video and data acquisition are used where applicable, allowing the objective scoring of each module. The points earned in each module are combined to make up the participant's overall score. The driver with the highest overall score will be named "Top Driver".

PROGRAM FEE

There is a \$15,000 program fee per participant. All participants will be required to provide an additional \$5,000 to be held by Petty Holdings against any damage to equipment. ("Damage Fee.") This fee is fully refundable if participant does not damage any program equipment.

"TOP DRIVER"

The "Top Driver" of each *Richard Petty's Driver Search* is awarded a fully supported opportunity to compete in a nationally-televised ARCA Racing Series event. (ARCA opportunity provided by Petty Holdings and Richard Petty Driving Experience.) *Every competitor will leave with the experience and knowledge to be a better race car driver.*
